

List of Academic qualifications

This list is a good way to make sure that you fulfill the minimum academic requirements of at least 90 ECTS-credits in Economics. Please fill in your economics courses in the relevant categories underneath.

For more information about ECTS-credits, please visit this website:

<http://www.uio.no/english/studies/about/academic-system/credits/>

If you have trouble converting your grade and credit system to ECTS, fill in the grades and credits from your system and the admission committee will convert it in the admission process.

	Name of course	Grade	Credits
Mathematics (At least 10 ECTS-credits)			
Statistics & method (At least 10 ECTS-credits)			
Microeconomics (At least 20 ECTS-credits)			
Macroeconomics (At least 20 ECTS-credits)			
Other economics courses (At least 30 ECTS-credits) Please note that accounting, auditing, marketing or management do not count as economics.			
Total amount (At least 90 ECTS-credits)			

Additional documentation for each course:

- **Content of courses** (a short list of topics covered and the main literature, e.g. text books)
- If your University does not use the ECTS- credit and grading system, please provide an official explanation of the system used.
