1. Students type their name(s) on top of the paper , and submit it in the correct hand-in folder in Fronter: bachelor or master.
2. Students can submit papers individually or together with fellow students. (Please consider working in groups, since this can maximize your learning!)
3. An upper limit of 2,500 words applies, confirm the number of words on the top of the document. If you consider that the word limit is insufficient to respond well to all questions, you can choose to submit a response to selected questions only. Your response should be structured and concise.
