Project Assignment

Gantt Chart Instructions

Each group is required to have a gantter project file for project planning and visibility.

See instructions below for more information:

- Install gantter (see tutorial above)

- Save the gantter project file (one per group) to google drive for collaboration with fellow group members.
- In addition, each group should share the gantter project file with mikaelhailu@gmail.com and mwizak@gmail.com so that the course lecturers can track progress.
  - Use designated company name, so we can identify each group
