

ECON 4120: Mathematics 2

Fall semester 2014

It is required that students (attempt to) solve all seminar exercises BEFORE attending the seminars. Working in small groups is also a good idea.

Seminar 5, week 40

The following problems are taken from the old exam problem collection ([compendium](#)).

- Problem 111
- Problem 84
- Problem 52 c)
- Problem 69
- Problem 5
- Problem 46
