

DSTrain Declaration on Place of Activity / residence during the last three years

Explanation and example

- Mobility of the applicant from another country to Norway is an eligibility criterion for the DSTrain fellowship. Following MSCA mobility rules, **it is the actual locations of residence that are considered, not the countries of legal residence**. The two determining elements are the actual physical place of residence (where you have lived) and place of main activity (where you have studied or worked).
- *The MSCA mobility requirement: At the time of the relevant deadline applicants must fulfil the transnational MSCA mobility rules of COFUND, MSCA - not have resided or carried out their main activity in Norway for more than 12 months in the 3 years immediately prior to that deadline. Compulsory national service, short stays such as holidays and time spent as part of a procedure for obtaining refugee status under the Geneva Convention are not considered.*
- To fulfil this requirement, please complete the table below listing your place of activity/residence over the last three years before the call deadline. If your place of residence is different from the place of activity, please list both. Add/delete rows as needed. You may delete the help text before submitting this form. Please use this format:
 - *United Kingdom 01/01/2023 - 14/04/2024*
 - *Spain 13/04/2021 - 31/12/2022*
- Any data provided should correspond to your CV.
- Please save the completed document in the name format “5_Surname_Place of activity” and substitute “Surname” for your last name.
- If the eligibility of the applicant is in doubt, submission of documentary evidence may be requested after the call deadline.
