RULES IN CASE OF FIRE

Alert: If you discover fire or smoke, immediately call the fire brigade at 110. Set off the fire alarm and try to alert everyone in the building.

Assist: Evacuate the building. Assist elderly people and children.

Extinguish: At the onset of minor fires, try to extinguish the fire with extinguishing equipment at hand.

Shut doors and windows. If the fire is not extinguished immediately it is especially important to keep doors leading to the place of fire and doors to the corridor and stair case shut in order to avoid spreading.

Prepare: Familiarize yourself with:
- Evacuation paths and emergency exits
- Location of extinguishing equipment

Make sure evacuation paths and emergency exits always are cleared.

Learn how to handle extinguishing equipment.

Meeting point in case of fire: Parking lot

Fire alarm 110

Police 112

Ambulance 113
