

House rules for Minister Ditleffvei 20

- All corridors and common areas must be kept clear at all times. This includes children's carriages, skis and bicycles.
- Respect quiet hours from 23:00 (24:00 during weekends and holidays) to 07:00 and avoid excessive noise between 16:00 and 18:00 as it is customary for elderly Norwegians to take a nap then.
- Keep the main door closed at all times. Check that it locks when entering or exiting the building. Be cautious in opening the door for unknown people through the calling system.
- It is prohibited to throw anything from the windows or balcony, or to shake carpets or table cloths from there.
- It is prohibited to barbeque on the balcony
- The fire escape hatches must be accessible at all times. Make sure that they do not freeze during the winter (keep it clear of snow and put a small piece of wood between the hatch and the frame)
- Make sure to use the proper bags for house hold waste (tie them with a double knot) and put them in the containers in the garbage room. Paper and cartons must be put in separate containers outside the entrance. Glass & metal are thrown in the container by Meny groceries store.
- Residents who do not own their apartments (e.g.tenants of UiO's researcher apartments) do not have access to the common facilities on the top floor.
