Use of the common laundry room

- The common laundry room is situated in the basement (K) and can be accessed with the key to the common rooms marked ‘K2’.
- You are free to use the laundry room Monday through Saturday between 08.00 and 20.00 o’clock.
- Use of the laundry room is forbidden on Sundays, public holidays and between 20.00 and 08.00 o’clock.
- Clothes left to dry overnight must be removed before 08.00 the following morning.
- Use of the washing room is organized through a sign-up board. Please respect it! Every housing unit is free to use the laundry room up to 2 time-units per week; altogether 3 hours per week.

- The user of the laundry room is the **sole** user, regardless of whether he/she is using all the equipment or not. This includes if they are not actively using the whole time slot.
- The laundry room is equipped with two large industrial washing machines. One laundry wash costs NOK 10 and takes 70 minutes. Note that the doors will lock after 70 minutes!

- Laundry may be dried in the drying room. One drying session costs NOK 10 and takes 70 minutes.

Please turn over!

- Users must provide their own detergent. Follow the instructions on the detergent package for dosage. **Note:** Too high dosage may damage the machine.
- Be careful of what you put into the washing machine and empty all pockets. Hard items, e.g. bra underwires, might damage the machine.
- It is very important that the laundry machines are cleaned properly after use. Please make sure that the following parts of the machine are cleaned after use:
    - The wash powder trays and their edges
    - The softener trays and their edges
    - The top of the washing machine must be cleared and wiped
- Empty detergent packaging must be removed by the users.
- **Note:** To prevent dampness in the laundry room, the ventilators must be kept open at all times.

Please address questions and report damages regarding the common washing room to the caretaker of the housing cooperative **Reidar Lillevik** (mobile phone 402 00 177).
