Organization

- University of Oslo
- Faculty of Mathematics and Natural Sciences
- Mathematics, statistics, mechanics
- Board, leader group, leader forum (incl. section leaders)
- Education committee, research committee, PhD committee etc.

Sections

- 1 Mechanics
- 2 Statistics and data science
- 3 Stochastic analysis, finance, insurance and risk analysis
- 4 Differential equations and computational mathematics
- 5 Algebra, geometry and topology
- 6 Several complex variables, logic and operator algebras

Staff

Scientific:

- Professor (full): 35 (3 women among these)
- Associate professor: 9 (2)
- Lecturer: 2 (1)
- Tenure track-associate prof. : 3 (2)
- Postdoc: 20 (6)
- PhD students, 74, ca 20% women
- Emeritii: 15

Administrative: 12

Education

Study programs:

- 2 bachelor, 3+2 Master programs + PhD program
- (new) Master programs: Data Science, Computational Science
- ca 70 courses

Students:

- ca 50 Bachelor students finish each year: ca 1/3 are women
- ca 50 Master students finish each year
- Master: applied math - data analysis/modeling - theoretical math.; distribution ca 40 - 40 - 20 %
- ca 1/3 are women on Bachelor/Master
- ca 10 PhDs finish each year

So:

- discuss mathematics
- collaborate with other PhDs
- start early with project/writing notes/writing papers
- problems? Talk to any of us!

Good luck!
