Partnership for Life

14 February

@Meet Ullevaal

oslo
science
city arena

As a part of the Norway Life Science 2023, Partnership for Life (P4L) hosts a full day of **matchmaking meetings**. We invite companies, start-ups, investors, and academia to join!

This is your opportunity to:

- Expand your knowledge
- Exchange competence
- Extend your network
- Identify possible areas for collaboration

Program Partnership for Life

In addition, P4L hosts an event to discuss the future pipeline and hear from world leading companies what valuable innovation looks like.

Detailed program here:

→ [Partnership for Life 2023](#)

To participate in matchmaking meetings, you need to sign up to Norway Life Science:

→ [Registration Norway Life Science 2023](#)

Brella platform

To engage actively in 1:1 matchmaking meetings, create your personal profile on the platform which includes:

- Information about yourself and/or your company
- Your interests and focus areas
- Set your availability for meetings
- Request meeting

Access to Brella platform here:

→ [Brella platform](#)

Access code: norwaylifescience

Download the Brella app at Google Play or App Store:
