Strategy 2030

Our ambitions

- Promote independent, ground-breaking, long-term research
- Educate students with the knowledge, ability and willingness to create a better world
- Strengthen the dialogue with the outside world and work to ensure that knowledge is put to use
- Be an innovative organisation and an attractive place of work and study

Comprehensive climate and environmental strategy

Our ambitions

- Offer education related to climate, environment and sustainability for all students
- Strengthen interdisciplinary research within the fields of climate, environment and sustainability
- Reduce our climate footprint and further develop a green campus

A research-intensive university

9 centres for excellent research
4 centres for excellent education
2 centres for research-based innovation

1 centre for environment-friendly
energy research

424 doctorates awarded (2022)

Interdisciplinary priority areas

UiO:Energy and Environment

Strengthening interdisciplinary research within the fields of sustainable energy, climate and environment
