Dear Dr. Mario Oliva Suárez,

We are writing to you after conducting a review of the University of Oslo's international agreements portfolio. We have found that our students have regrettably not taken advantage of the agreement between our universities the last years. It is now the case that due to portfolio regulations we will unfortunately not be able to sign the agreement sent to us from Universidad Veracruzana for renewal in June 2016. We apologize for the delay in responding.

We wish to thank you for being a University of Oslo partner for the duration of the agreement.

Sincerely yours

Malena Bakkevold  
Head of Office for International Relations
