

i Practical information

Practical information:

- Do not write your name in your exam (term paper). Use your candidate number. It is a four digit number that you will find next to your exam registration in Studentweb. You are given a unique candidate number for each exam.
- The paper should have a front page stating your candidate number, the course code, course name, and the semester and year.
- The length of your paper should be between **six and ten standard pages**. We consider a standard page to be 2300 characters without spacing. Please remember to insert page numbers. The front page, bibliography and footnotes are not included in the page count.
- You are required to follow the rules that apply to [the use of sources and citations](#). This means that you have to cite your sources according to the citation style of your choice and provide a full list of the sources you have used in the bibliography at the end of your paper. [If you violate the rules, you may be suspected of cheating/attempted cheating.](#)
- If you need assistance in converting your file into a .pdf-file, we recommend that you follow [these instructions](#). The uploaded document will be submitted automatically when the time is up. After starting the exam, you will see your remaining time in the upper left corner. **Note that you should calculate at least ten minutes to convert your answers to a .pdf-file, and upload the .pdf-document to Inspira.** We recommend that you use the templates that you will find by following [this link](#).
- Please remember that it is your responsibility to make sure that your file is complete and readable. It may affect your grade if the paper you hand in is incomplete or unreadable.
- If you have trouble uploading your paper, please contact the student administration immediately by sending an email to student@iakh.uio.no.
- The grades will be announced in Studentweb. Candidates may ask for an explanation of their grade. This must be done within a week after the grades have been announced.
- If you want to withdraw from the examination, please click on the icon in the right corner, and then choose “withdraw”.

You will find the exam question on the next page. Good luck!
