

## i Informasjonsdokument EXPHIL03

The exam lasts from 9:30 to 12:00. You can choose language in the menu in the top right corner. When the deadline passes, your answer will be submitted automatically. Please note that it may take some minutes before you can see that it has been submitted.

The exam consists of two parts:

1. Final submission of the term paper
2. Exam questions

The term paper has to be uploaded in part 1. Please note that only PDF-format is valid. The answers to the exam questions in part 2 must be written directly in Inspera's text tool.

Please note : We recommend that you use the most recent update of your browser.

The previous versions of Edge and Chrome were affected by a bug. You may experience that you delete a whole paragraph when removing content using backspace in the text area. This can be undone using the Undo buttons or ctrl+z (cmd+z for Mac).

To avoid the bug completely, use the newest version of your preferred browser.

Answer TWO of the THREE assignments in the exam question section. For all assignments it applies that you should focus on answering exactly what is asked for, in addition to explaining various arguments that are included in the syllabus. If you on assignments are asked to make reference to texts, you are free to choose contributions from the entire syllabus, but it should be clear from your answer why these are relevant in relation to the assignment.

Recommended time use: Up to one hour per assignment.

You must be familiar with the formal guidelines and the rules for sources and referencing. If submissions fail to refer to sources or coincide with other responses it can lead to suspicion of cheating and can result in serious consequences for you as a student. See e-mail sent 28/4-2021 for further information.
