

Grading rubric
MES4610

This class is graded on a pass/fail scale.

In order to pass the final exam, the candidate must deliver a final “presentation,” which can be in the form of a newspaper article, a commentary, an interactive figure/illustration/database, a video, or a review article. The choice of topic and format for the final presentation will have been agreed with the candidate’s advisor beforehand. The final presentation must demonstrate that the advisor’s editing requests have been taken into account.
