

KRIM4960

Exam paper

Answer one of the following questions:

1. What environmental/animal/ecological harm from the syllabus do you think is the most pressing to prevent/combat? Describe the harm shortly, and argue for and against your choice based on the literature in the syllabus. Then, use the syllabus to discuss how the harm may be addressed, whether by legal or illegal approaches.

Or

2. Choose an animal harm from the syllabus. Describe the harm shortly, including its causes and consequences. Then, discuss how green criminological theories and concepts from the syllabus may explain this harm, and what role activism may play in combatting the harm.
