EXAM

JUS5641 - Electronic Communications Law - Autumn 2016

Date: 29.11.2016

Time: 10:00

There has been heated debate over network neutrality for a long time. Such debate has given way to legal and regulatory policies as implemented in many countries.

Critically discuss how network neutrality has been addressed by the European Union. In your answer, include discussions on:

- arguments in favor and against network neutrality regulation;
- how legal and other regulatory policies may strike the right balance between conflicting arguments and interests over network neutrality.
