IN3230/IN4230 H26 - Home Exam 1

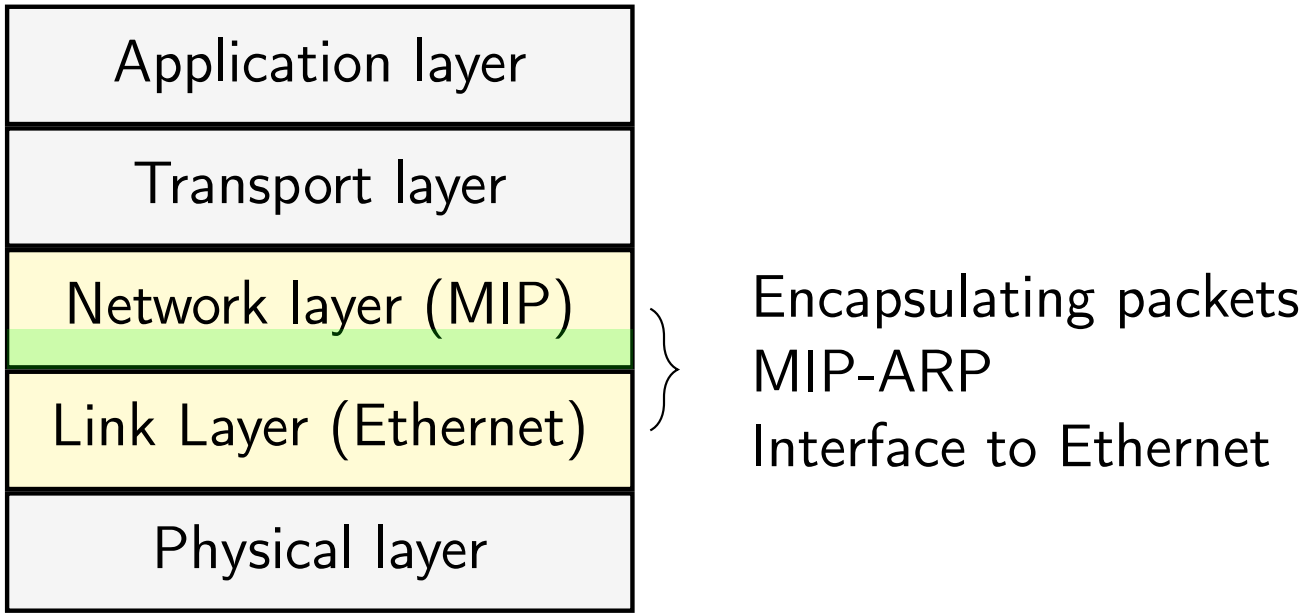

Kristian A. Hiorth (author)
Kristjon Ciko (translated to English)

24. september 2026

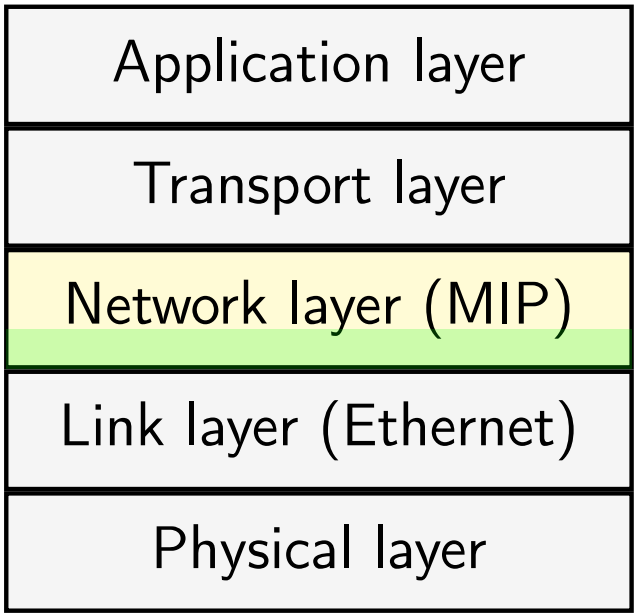

The goal of the mandatory assignment was to lay the cornerstone of the Network layer.

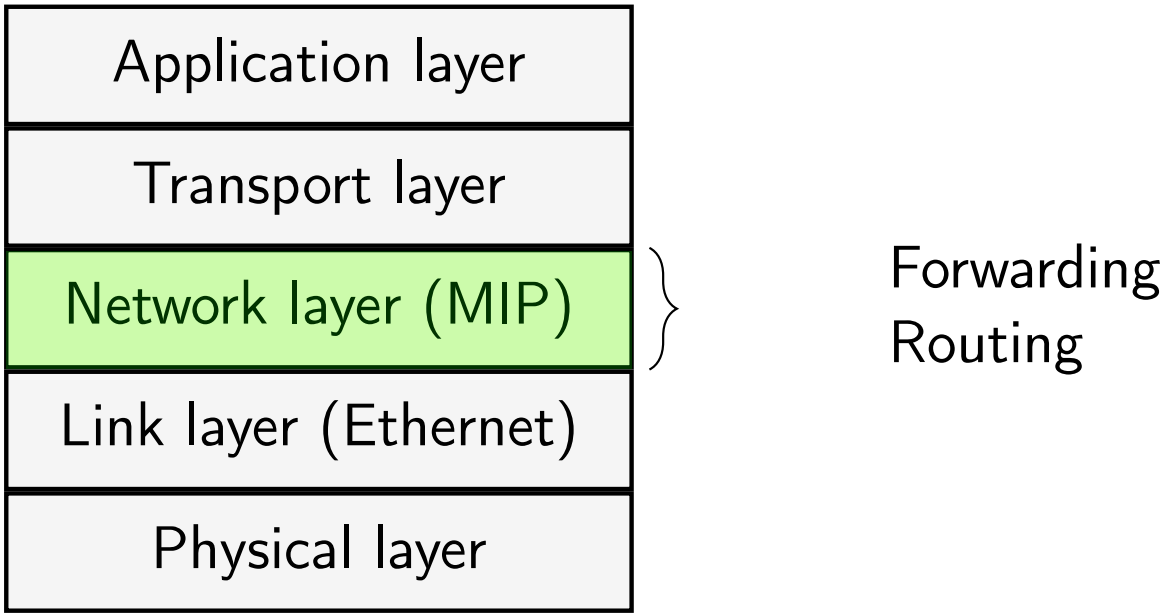

The goal of the mandatory assignment was to lay the cornerstone of the Network layer.

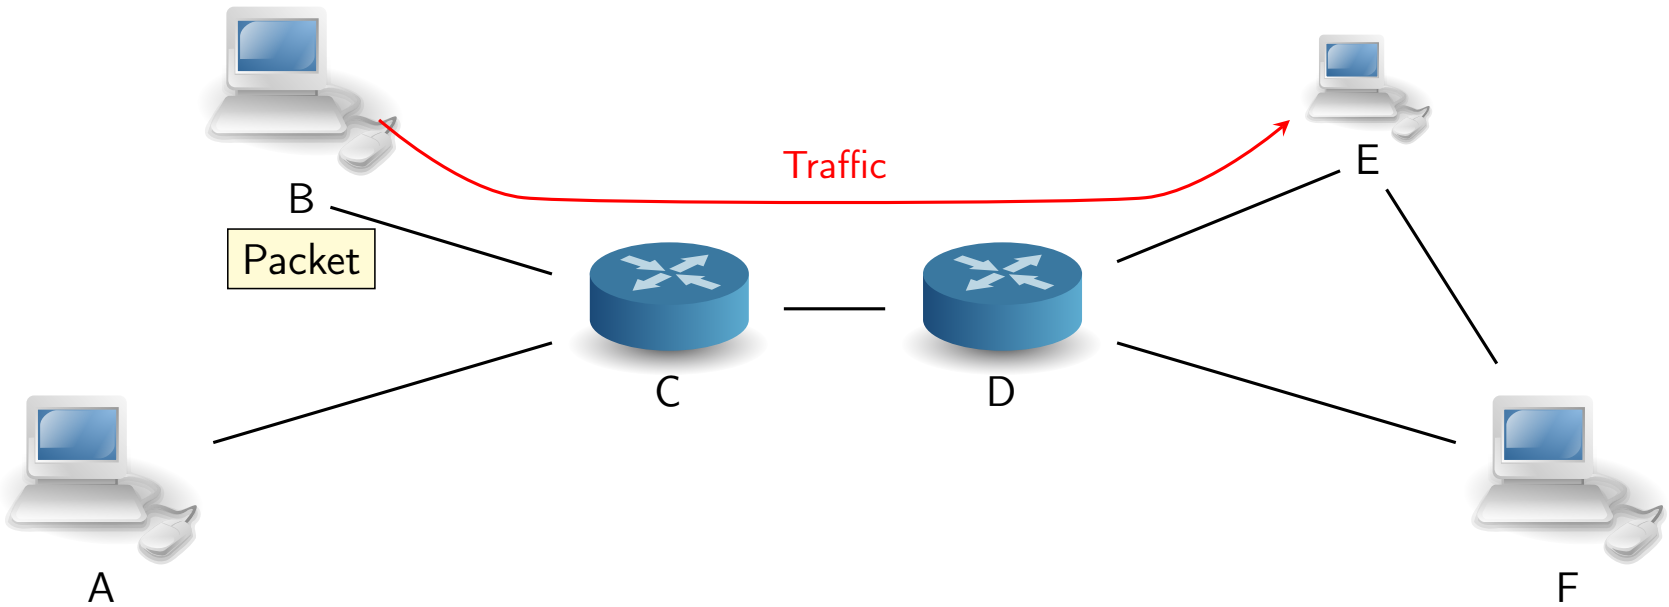

In Home Exam 1 we will implement the rest of the Network layer.

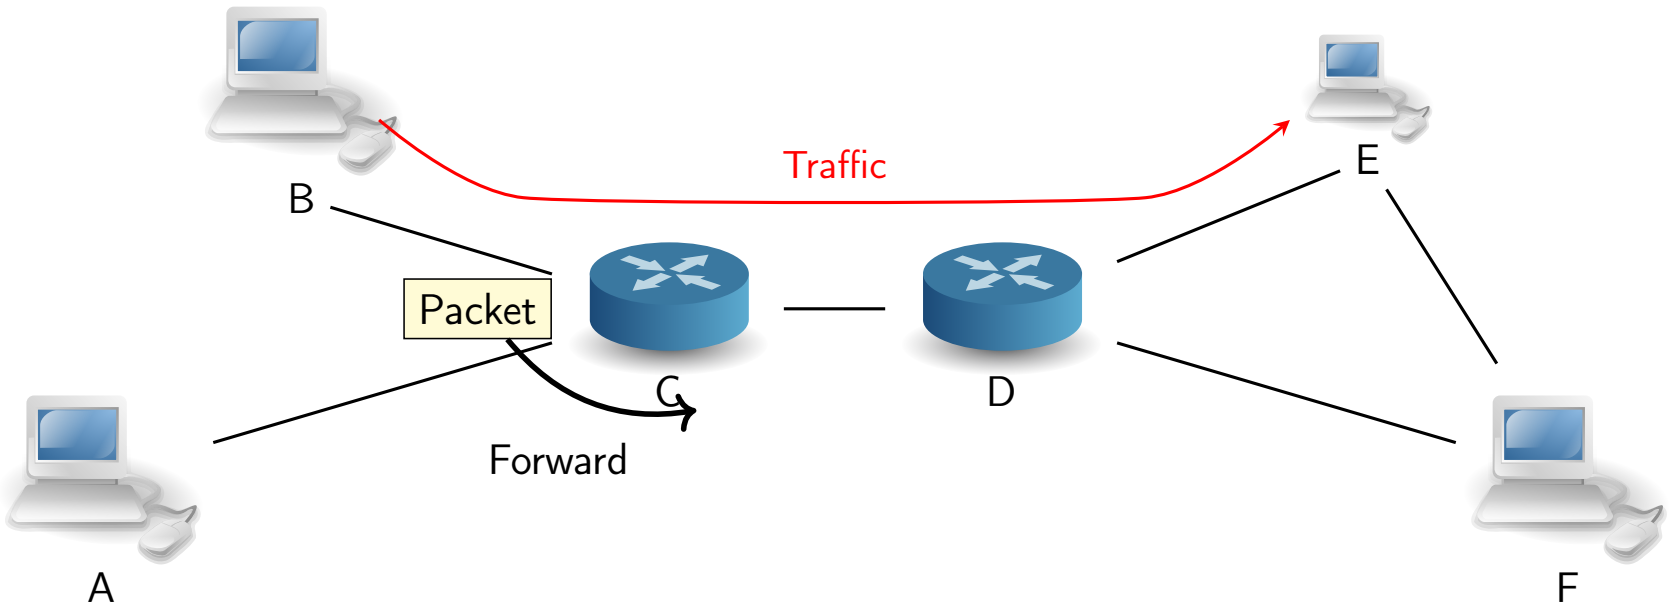

In Home Exam 1 we will implement the rest of the Network layer.

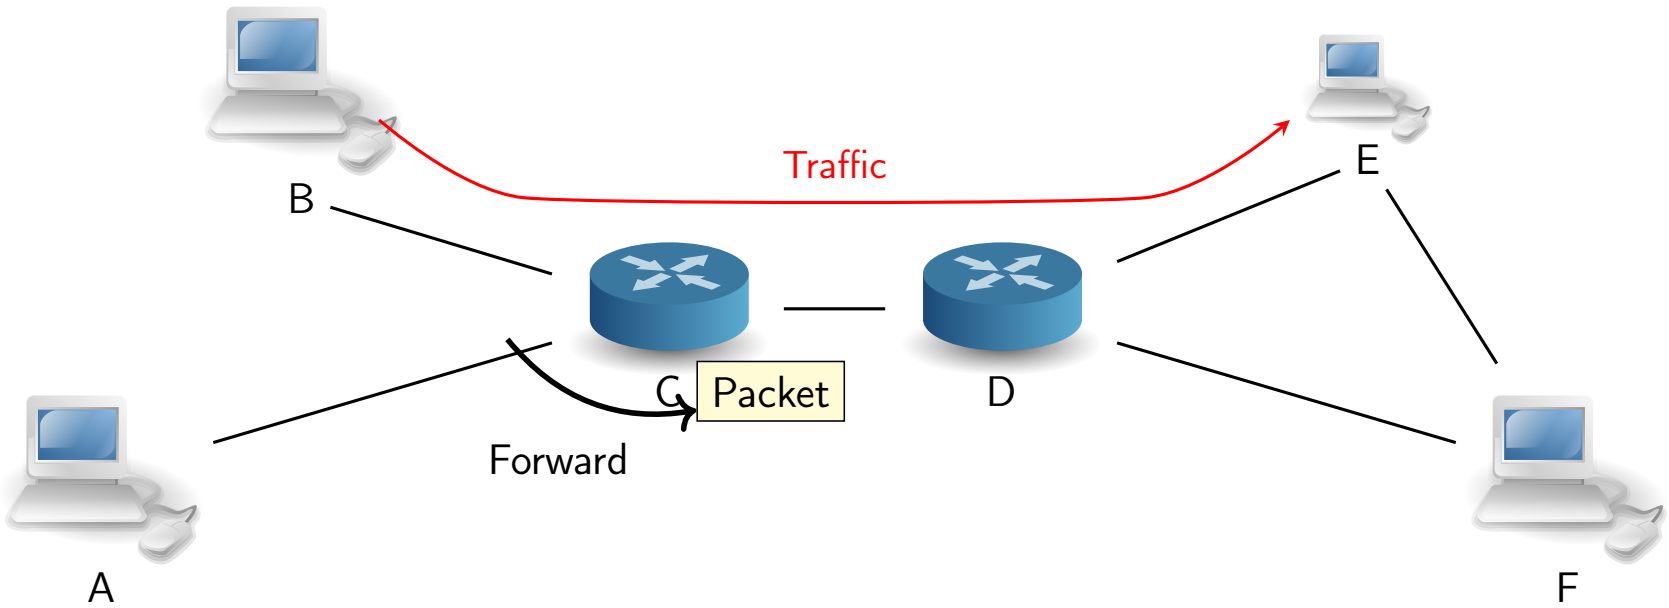

We need two new functions: forwarding...

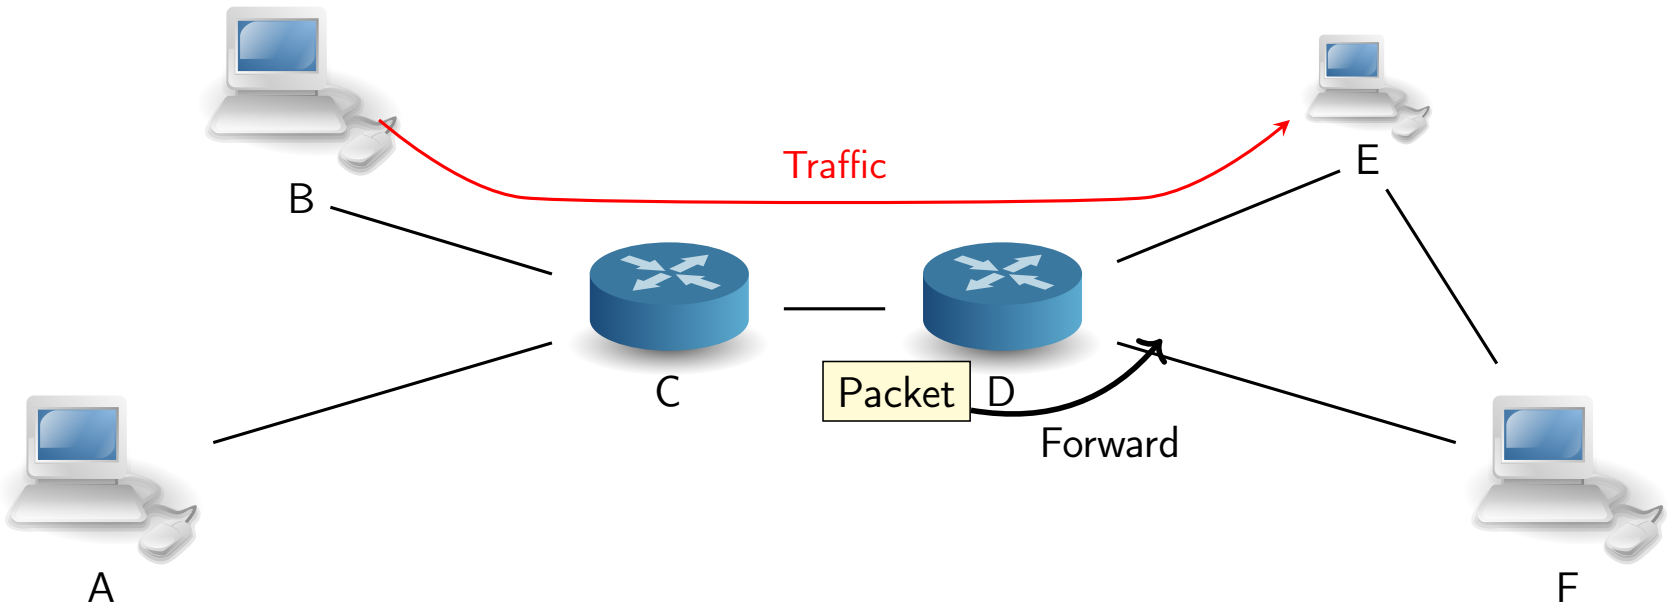

We need two new functions: forwarding...

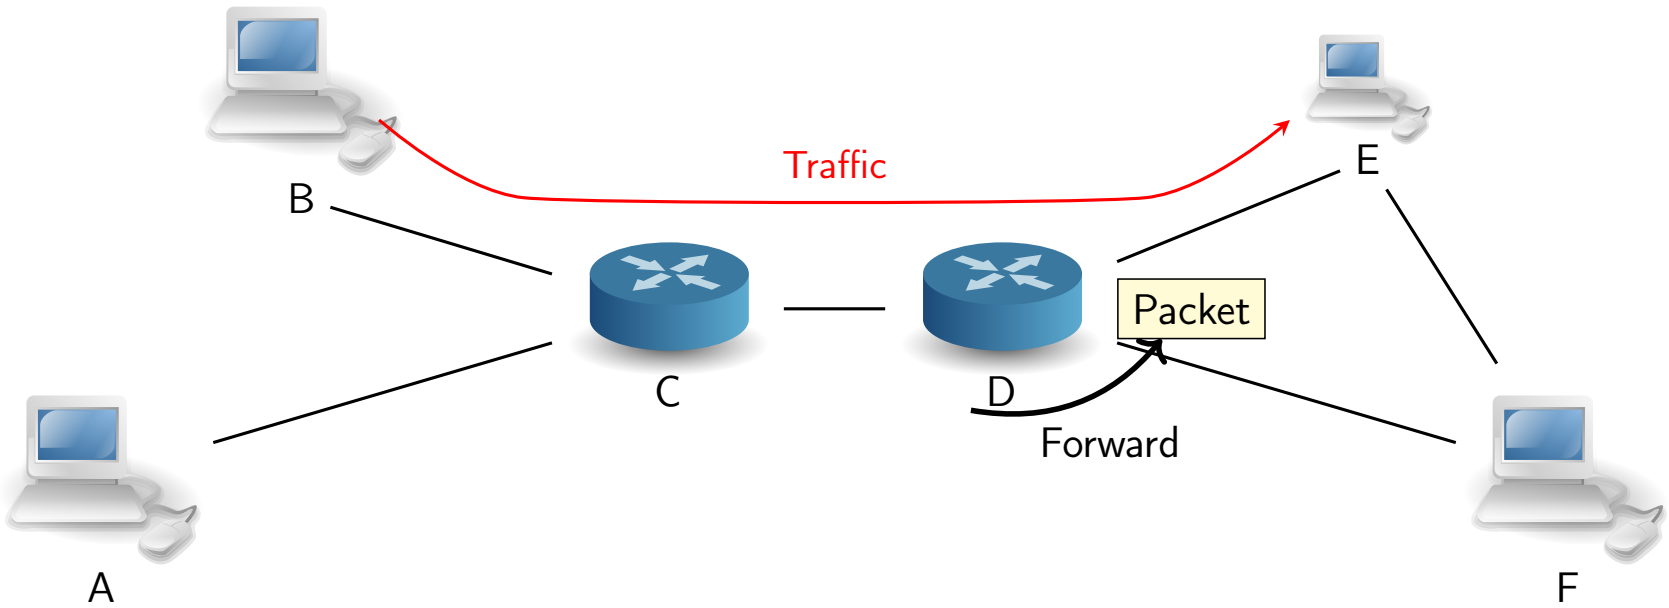

We need two new functions: forwarding...

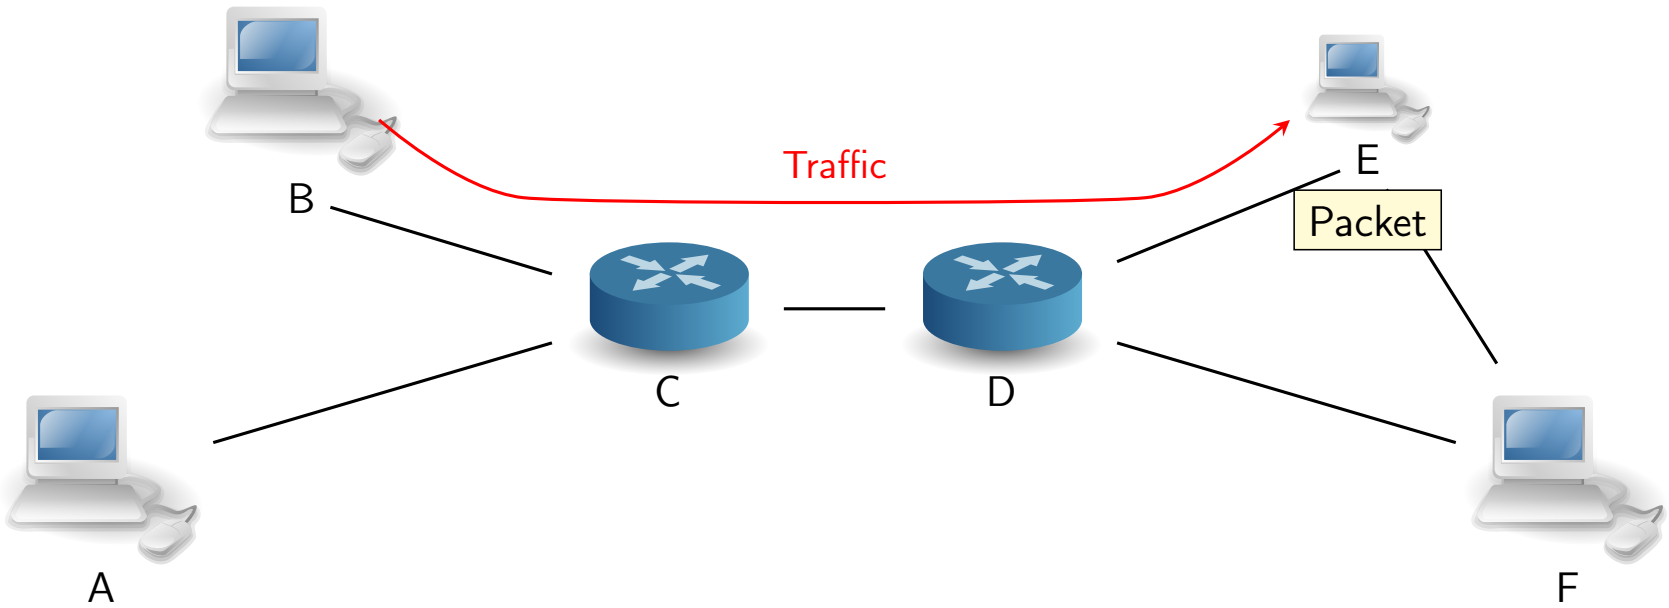

We need two new functions: forwarding...

We need two new functions: forwarding...

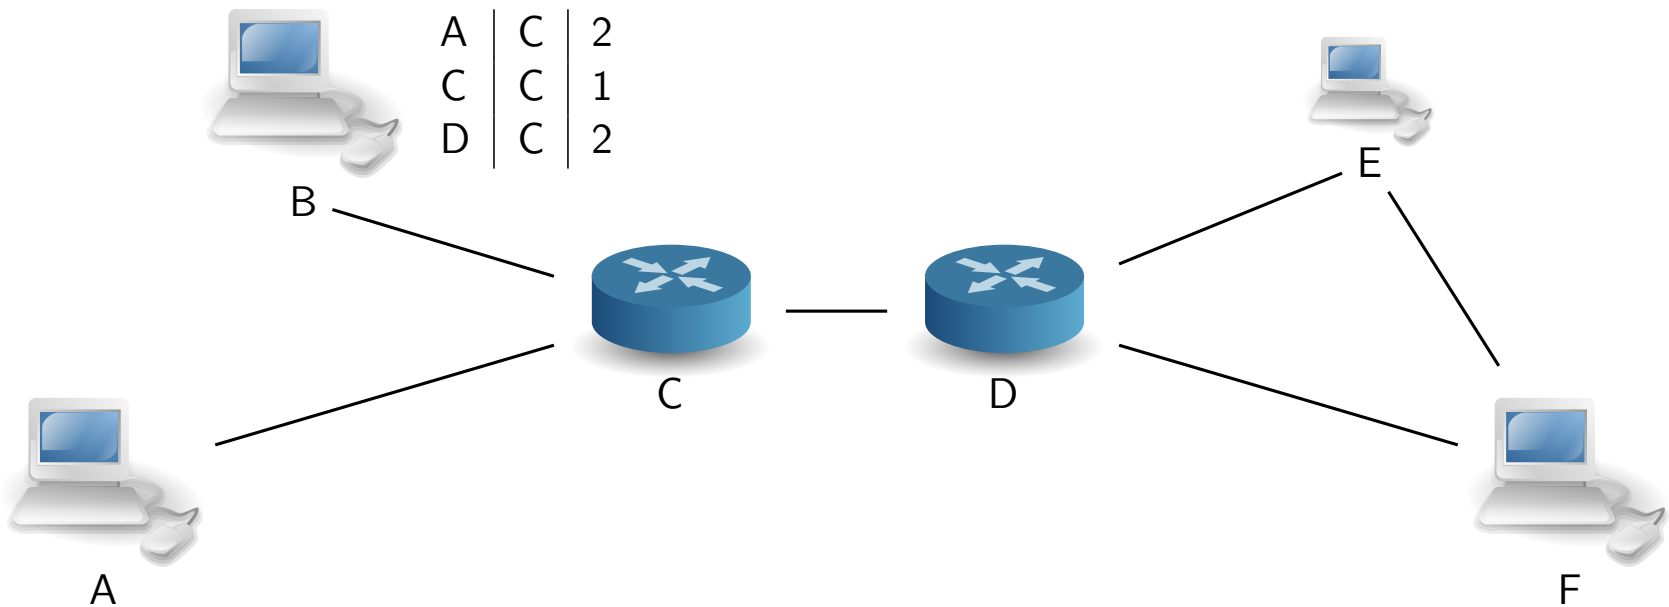

We need two new functions: forwarding...

...and routing.

Which route should the packet take?

...and routing.

Which route should the packet take?
