Exam: Practicalities

- Start: 04.11.2025 (09:00)
  - Available from the course web and INSPERA
  - Only for students with approved seminar participation and assignments

- IN5210 and IN9210 exam is the same

- End: 25.11.2025 (23:59)
  - Hand in per instructions in the exam (INSPERA)

- Language
  - Assignment text in English only
  - You can write in English or Norwegian

Exam: How to approach it

- Individual home exam
  - Discussions with fellow students is ok
  - Writing it together with other students and handing in the same answer(s) is considered cheating
  - Asking someone else to write it (like your sister or gpt.uio.no) is considered cheating

- You are not expected to use the entire three weeks
  - 3-4 full working days (if you have read and participated actively in the seminars)

Exam: Show your knowledge and skills

- Put some structure
  - Answer the questions one-by-one
  - Answer the questions in the order they are given
  - If you see the need to clarify how you interpret the question, do so explicitly

- Avoid making your assignment look like it was written in a rush
  - Make the text coherent with a clear structure
  - Full sentences and paragraphs, not bullet lists
  - Use a spellchecker

Exam: Show your knowledge and skills (cont.)

- Answer the questions
  - Show that you have understood the question
  - No need to repeat the question
  - Respond to the question using what you have learned in IN5210 (curriculum in particular)
  - Use your own voice, express your arguments and use examples where relevant
  - Do not write about ‘other things’

- In case you use AI when working with the exam, declare how you use it
  - Use the declaration template

Exam: FAQ

- If you have questions during the exam, send an email to pnielsen@ifi.uio.no
- If I find it appropriate to answer, I will post the question and the answer to the exam FAQ
