

Papers to present 2019

Each group will present one article from the curriculum, and prepare a set of questions to another group's article. These articles will be assigned to the groups on a first-come first-serve basis.

For a list of tips for both the presentation and the questions, please refer to this document:

</studier/emner/matnat/ifi/IN5510/h19/project-material/paper-presentation-howto-in5510.pdf>

The list of articles is as follows:

Presenting Group	Questioning group	Paper
Gr 5	Gr 1	Brandt (2005): How tangible mock-ups support design interaction
Gr 2	Gr 5	Bratteteig & Stolterman (1997) Design in groups — and all that jazz.
Gr 3	Gr 4	Joshi & Bratteteig (2015): Assembling fragments into continuous design: On participatory design with old people
		Ssozi Mugarura, Blake & Rivett (2017) Codesigning with communities to support rural water management in Uganda.
Gr 1	Gr 3	van der Velden, Sommervold, Culén & Nakstad (2016) Designing Interactive Technologies with Teenagers in a Hospital Setting
Gr 4	Gr 2	Iversen, Halskov & Leong (2012) Values-led participatory design
