IN5620 Group assignment fall 2022 – module 2

Sept. 27, 2022

In the course, you have already completed a wonder document after module 1. This document presents the assignment for the interim report, to be delivered at the end of module 2 (deadline November 2nd).

The report will then be the second delivery from the groups. In this document, you expand on the work you initiated in the wonder document.

Content and form

The interim report, building on the wonder document, is to contain the following:

- A description of the group, who you are - names.
- A description of what area of "interaction with AI" you are interested in working with.
- **(new)** Background section: Position your work relative to existing knowledge and practice
- Minimum 1 maximum 2 questions that you want to address. Please write some sentences about the questions. These questions can change and evolve later in the midterm report and in the final report - as you go about investigating your questions.
- **(updated)** Method section – overall approach, design process (optional, but encouraged), data collection methods
- **(new)** Sketches and/or prototypes (optional, but encouraged)
- **(new)** Findings (progress, initial outcomes)
- **(updated)** Minimum five references to literature.

Five to seven pages.

The report should also contain an appendix:

- Appendix 1: Chatbot design task – briefly describe the process and outcome. Detail reflections and lessons learnt. Approx. 1 page.

Practical information

Same groups as for the wonder document.

Date of delivery: November 2.

Deliver the interim report the same way as you delivered the wonder document.

Feedback

Feedback to another group is to be given one week after the delivery.
