The diagram illustrates a meeting room layout with several key elements:

- Green Area (Top Right):** A green box indicating "Next meeting starts in **1 hour**" with a "BOOK NOW" button below it. The label "Green" is positioned to the left of this area.
- Orange and Black Area (Center):** An orange box indicates "Next meeting starts in **10 min**". Below it, a black box is labeled "Booked". The label "Orange" is to the left of the orange box, and "Black" is to the left of the black box.
- Grey Area (Bottom Left):** A grey box indicates "Next meeting starts in **3,5 hours**" with a "BOOK NOW" button below it. The label "Grey" is positioned to the left of this area.
- Yellow Area (Bottom Center):** A yellow box indicates "Next meeting starts in **2 hours**" with a "BOOK NOW" button below it. The label "Yellow" is positioned to the left of this area.
- White Area (Bottom Right):** A white box is labeled "Booked". The label "White" is positioned to the left of this area.

The room layout includes several rectangular tables and a central area with icons representing people and a wheelchair, suggesting a meeting room with accessibility features.

The image shows a meeting booking interface with a central dialog box. The dialog box has a yellow border and a close button (X) in the top right corner. It contains the text "I want to book Yellow from now for" followed by three buttons: "30 min", "60 min", and "90 min", and an "OK" button at the bottom. The background is a light grey grid with several booking options:

- Green:** "Next meeting starts in 1 hour" with a "BOOK NOW" button.
- Yellow:** "Next meeting starts in 2 hours" with a "BOOK NOW" button.
- White:** A large grey box with the word "Booked" in the center.
- Grey:** "Next meeting starts in 3,5 hours" with a "BOOK NOW" button.

There are also some faint icons and text in the background, including a "Booked" label on a grey arrow pointing right, and icons of people and a wheelchair.
