

INF5722 Fall 2013: Plan for the midterm project presentation

All groups in the course should present their projects for the rest of the students and the lecturers. The aim is to present how far you have come in the project and to get comments/help to continue with the project.

All team members must be present during the presentation as well as contribute in the presentation.

The presentation will be 12 to 15 minutes, with time for \approx 10 min. questions after the presentation.

In the presentation, it is important to include:

- Which target group you have chosen
- How you have involved users (other practitioners than designers) in the project (or how you plan to involve)
- Methods and techniques you have used / plan to use
- If you have any findings/outcomes – present them
- Problems/questions you are dealing with

The schedule for the presentations is as follows:

Thursday 24.10.13

12.15 – 12.40: Group 3

12.45 – 13.10: Group 4

13.25 – 1400: Mid-term evaluation for the course

Wednesday 30.10.13

14.15 – 14.40: Group 1

14.45 – 1510: Group 2

Break

15.20 – 1600: Group 5 (+ paper presentation)

Good Luck!
