EXAM SOSGEO4801 spring 2024

Answer 3 out of 4 questions and use examples from the different social movements we discussed in the course in your discussion of the concepts. All questions have equal weight, and we suggest you use 1/3 of the time for each of them.

1. Discuss the role of resource mobilization and political opportunities in the development of a social movement.
2. Social movements tend to construct collective identities. Discuss the identity dilemmas that movements confront internally and externally.
3. What is the role of spatiality in the development and strategies of social movements?
4. Discuss the role of mass and social media for social movements.
