Information

SOSANT2510 - Environmental Anthropology

- Home exam
- Disclosure of exam assignment: December 11 at 9:00 AM
- Submission deadline: December 18 at 9:00 AM

Information about the exam

- The exam paper must be minimum 2900 words and maximum 4400 words including cover page and foot- or endnotes. Reference list is not to be included in the total number of words.
- Times New Roman, font size 12, line spacing 1,5
- You should familiarize yourself with the rules that apply to the use of sources and citations.
- Have a cover page which specifies:
  - Total number of words
  - The course code and course title
  - Which question you have chosen to answer (question number and question text)
  - Semester and year
  - Your candidate number. **Do not write your name in your exam paper**. You will find your candidate number in Studentweb or in Inspera.
- You may submit your response in Norwegian, Swedish, Danish or English.
- Make sure your submission is anonymous - do not use your name in your assignment or in the file name.
- You are only allowed to submit one file and it needs to be in PDF-format.

Questions during the exam

- If you have questions about the exam, you must send an email from your UiO-address to SV-info. Write the course code in the subject field.
- If any information is given to all candidates during the exam, this information will be posted in Canvas. Make sure that you receive Canvas notifications.

How to submit in Inspera

- When you have uploaded your file, you will see that it is saved to your submission.
- You can change your exam answer until the test closes.
- When the test closes, your answer will automatically be delivered for grading.

After the exam

- After the submission deadline make sure that you find your submission under "**Previous tests**" in Inspera.

- Send an e-mail with your submission immediately to SV-info if you do not see your submission.

1 Exam

Exam Questions:
Answer **one** of the following three questions:

1. "*Bioethical regimes*" has been proposed as a term to understand environmental relations beyond the human. Select three different case studies from the curriculum to consider how the term might be applied and discuss how it relates other analytical approaches to human environmental relations.

2. Local environmental knowledge can be transmitted through words and practices but can be difficult to capture for outsiders. Discuss some of the challenges involved in sharing environmental knowledge across different contexts, languages and scales. Draw on at least three readings from the curriculum.

3. How can anthropologists study relations beyond the human? Drawing on at least three readings from the syllabus, and including at least one monograph, discuss various methodological challenges and possibilities that such studies entail.

Best of luck!
