Information
SOSANT2510 - Environmental Anthropology

- Home exam
- Disclosure of exam assignment: January 12 at 9:00 AM
- Submission deadline: January 19 at 9:00 AM

Information about the exam

- The exam paper must be minimum 2900 words and maximum 4400 words including cover page and foot- or endnotes. Reference list is not to be included in the total number of words.
- Times New Roman, font size 12, line spacing 1,5
- You should familiarize yourself with the rules that apply to the use of sources and citations.
- Have a cover page which specifies:
  - Total number of words
  - The course code and course title
  - Which question you have chosen to answer (question number and question text)
  - Semester and year
  - Your candidate number. **Do not write your name in your exam paper**. You will find your candidate number in Studentweb or in Inspera.
- You may submit your response in Norwegian, Swedish, Danish or English.
- Make sure your submission is anonymous - do not use your name in your assignment or in the file name.
- You are only allowed to submit one file and it needs to be in PDF-format.

Questions during the exam

- If you have questions about the exam, you must send an email from your UiO-address to SV-info. Write the course code in the subject field.
- If any information is given to all candidates during the exam, this information will be posted in Canvas. Make sure that you receive Canvas notifications.

How to submit in Inspera

- When you have uploaded your file, you will see that it is saved to your submission.
- You can change your exam answer until the test closes.
- When the test closes, your answer will automatically be delivered for grading.

After the exam

- After the submission deadline make sure that you find your submission under "**Previous tests**" in Inspera.
- Send an e-mail with your submission immediately to SV-info if you do not see your submission.

1

Exam

Exam Questions:

Answer **one** of the following three questions:

1. Different imagery of nature may either make visible or conceal relations and connections across time and space. Discuss this statement, drawing on at least three texts from the curriculum.

2. Standardisation and simplification are central to many forms of food production. Drawing on at least three empirical examples from the reading list, including one monograph, discuss the political, relational and ecological impact of standardisation and/or simplification.

3. How is more-than-human sociality involved in shaping landscapes and environments? Draw on at least three empirical examples from the reading list.

Best of luck!
