- You will see your submission under **Archive**.

1 Exam

Answer **<u>one</u> (1)** of the following three questions:

1. Discuss ways in which knowledge about landscapes and environments can be said to be political. Use at least three examples from the reading list.

2. How can toxicity and exposure help challenge ideas of containment and separation? Draw on at least three readings from different parts of the course to discuss why it might be useful and important to challenge such ideas.

3. Draw on at least three examples from the readings to discuss the following question: How is “more-than-human sociality” involved in shaping landscapes and environments?

Best of luck!
