If you haven’t been able to register for your elective course by Thursday afternoon

- Send an e-mail to studieinfo@ifi.uio.no within 23:59
- Describe the issue – what is the feedback from Studentweb
- Add a list of the courses you want to enroll in, by priority
- We *might* be able to sign you up manually

FAQ

I will not be able to study full time, what do I do?

NOT applicable to ENT due to 80% physical attendance requirement in all your mandatory ENT courses.

FAQ

I want to apply for a leave of absence or postponed start of studies.

ENT: Starting January not possible. Set order semesters/courses. Granted leave or postponement will be one year.

FAQ

Renewal of residence permit from UDI.

- If you have been admitted to [a new study programme in Norway at the same level as a previous programme](#) in Norway (a second master's degree programme) this will in general *NOT* be deemed to be a continuation by UDI.
- You would need this statement: “Statement that the new study programme can be deemed to be a continuation of previous studies, and increase the chances of being accepted to a doctoral degree programme (or work as a researcher).”
- **Unfortunately, we can NOT issue such a statement for the ENT master’s programme.**

Next - Tomorrow at 10:00!

- 10:00 - 10:15 Coffee and buns in the Foyer
- 10:15 - 15:00 in Simula Auditorium
- Academic session: "Becoming a good informatics professional?"
- Info about Library services and Academic Writing Centre
- Previous master's students' experiences

About the buddy programme

This master's programme has its own buddy programme next week. However, we urge you to take part in the activities held this week for all new master's students at the department. Second year student and your buddy for this week is:
