

17-21 June 2024, Krakow, Poland

CCS Summer School

Polish-Norwegian CCS Network

Iceland
Liechtenstein
Norway grants

TARGET:

Attention MSc, Ph.D. students, and select post-doctoral candidates! Demonstrate how your research aligns with Carbon Capture and Storage (CCS) technologies. **Apply Now!**

AIM:

Join us as we bring together top experts in CCS from industry and academia, alongside pioneers in public engagement and early-career scientists. Together, we'll delve into cutting-edge research, latest industrial implementations as we broaden our professional network.

SET UP:

Get ready for an engaging learning experience! Our school combines alternating lectures and poster sessions with a fascinating field visit. Hosted at the AGH University of Krakow campus, the language of instruction is English. Participants must submit an abstract (max 500 words) and create a poster showcasing their research project aligned with the school theme.

SECURE YOUR SPOT NOW!

The application deadline is Friday, April 12, 2024.

Please register by scanning the QR code for easy access, and submit your abstract. Successful candidates will be notified by April 19th.

Have questions about the school or the registration? We're here to help! Don't hesitate to reach out at monoo@uio.no.
